

NOTICE

Late this summer the Ministry of Natural Resources (MNR) will be conducting netting operations on Redstone Lake (Geographic Twp. of Guilford) from September 8 - 18, 2009.

The net sets will be clearly marked with MNR buoys, and lake users are asked to avoid recreational activities in these areas.

This operation is part of the Broad-Scale Fisheries Monitoring program MNR began implementing across Ontario this spring. The information collected will help MNR manage our fish populations effectively, and monitor the health of our lakes.

For more information, contact David Flowers, Fisheries Extension Biologist, Minden Area Office, Bancroft District at (705) 286-5215 or visit www.ontario.ca/mnr
